Please note: maps are not all to the same scale; distances between buildings are accurate. English is not widely spoken, so having someone call ahead can be a good idea. Also, note that some restaurants and facilities are only open seasonally (\*winter only, \*\*summer only), and may change without notice.

Note on phone usage: outside Myoko but in Japan, add "0255" to local numbers; outside Japan, add "+81 255."
